**2-6pm**

## Becky's Blueprints

Having a home will allow our family to live under one roof, it will mean safety and belonging where our family can relax and play games together. A place to where we can build memories and plan our future. We give everything to our lord and savior that he is blessing us with the home to call ours.

*Meet our newest Partner Homeowners,  
Chad and Tiffany Miller*

**Preparations are in the works for the Miller's home which will be located on E. Hill Street in Wabash. Our Construction Committee is working on the construction schedule and special events such as a Women's Build are being organized to give the community a hands-on opportunity to make a difference in the lives of our newest partner family.**

**We are also updating our Volunteer lists- Habitat relies on the support of neighbors, churches, businesses and individuals to make homeownership possible for our families.**
